Central Pennsylvania Chapter of SCORE, America's Small Business Counselors is pleased to recognize Robert Scannell, as our Volunteer of the Year.

Bob has worn many hats in SCORE including Chapter chair, secretary, treasurer, librarian, and member of executive committee.

He taught SCORE programs including business basics and developing a business plan. Bob mentored many SCORE counselors and has been a noteworthy counselor to hundreds of our clients.

Prior to SCORE, Dr. Scannell was a physical education faculty member, Faculty Senate chair, college dean, and vice president of the Commonwealth Educational System at Penn State. After retiring from Penn State, he served for seven years as chancellor of a group of four community colleges based in Oakland, California before returning to State College and becoming involved with SCORE.

As Bob sometimes says, "We didn't lose the game, we just ran out of time."

On behalf of the Executive Committee and SCORE membership, Thank You Bob!
